Mr. Terry Darton
Air Permit Manager
13901 Crown Court
Woodbridge, VA 22193

Dear Air Board:

Thank you for taking the time to read my letter of support for the Potomac River Generating Station. I am in favor of this proposal because it means cleaner air, saving jobs and no new taxes. Additionally, the plant is a staple in this community and to destroy it would mean a costly replacement for all involved. I was recently made aware of the stack merge project that Mirant plans to undertake and I believe it's a great idea.

I am a 57 year old retiree who works part time for a government contractor. I am married and both my husband and I support this proposal. We have two adult children who live here in Alexandria. We have lived in this community for 38 years and we want to do our part to stand up for such an important subject.

Please take this letter and many like it as a strong show of support. We want our voice heard and we want the Virginia Air Board to know that we want to keep our plant for all of the above reasons. Thanks in advance and have a terrific day.

Thanks,

Lillian Wilson
